Subject: ATEX Certification

Dear Sirs,

We hereby wish to inform you that the re-certification audit activities carried out, according to annex VII of Directive for Equipment or Protected System intended for use in Potentially Explosive Atmosphere 94/9/EC, on product quality assurance system of the company Edelweiss Actuators S.r.l. (Edelweiss Italia S.r.l.) with reference to manufacturing of actuators protected against explosive atmosphere have been satisfactory closed after receiving of your answer documentation.

All the audit documentation have been already sent to the head quarter Nemko AS for issuing of the corresponding PRODUCT QUALITY ASSURANCE NOTIFICATION, according to annex VII of Directive of Equipment or Protected System intended for use in Potentially Explosive Atmosphere 94/9/EC. Moreover, information about updating of existing EC TYPE EXAMINATION CERTIFICATES according to annex III of Directive of Equipment or Protected System intended for use in Potentially Explosive Atmosphere 94/9/EC have been requested.

The relevant certificates will be issued as soon as the relevant documentation is verified by the Nemko AS notified body.

Should you need any more information, please do not hesitate to contact us.

Yours faithfully,

Nemko SpA

Marco De Nardi
Lead Auditor
